

Hukum Chandra Memorial Prize

A prize to be awarded to a mid-career researcher, defined as someone with more than 10 years of experience after PhD or in employment, who has made an important contribution in research areas of Hukum Chandra's work namely, survey sampling, small area estimation, official statistics, spatial analysis applied to official and survey statistics and agricultural statistics. The definition of a mid-career researcher in this call aims to recognise researchers who are close to Dr Chandra's career trajectory. The prize is open to applicants from all regions of the world. A PhD degree is not an essential criterion for the award. The prize will be awarded every other year by the IASS Prize Committee in collaboration with the IASS Executive Committee. **The recipient of the Hukum Chandra Memorial Prize will receive an honorarium of 500 Euros and will be invited to present a special webinar with discussion in the IASS Webinar Series.**

Application process

Submit an extended abstract of up to 5 pages (including references) on which the webinar will be based. This must comprise original work that is either unpublished or published. The extended abstract must be written in English, include a clear statement of the problem, the proposed method(s) and a summary of key results. If the work is based on a published paper, the paper should be part of the application. Each submission must also be accompanied by a short CV (max two pages).

The CV, extended abstract and paper (if available) must be submitted to the chair of the IASS prize committee, Eric Rancourt eric.rancourt@statcan.gc.ca by 23:59 GMT on May 24th, 2024.

The submission deadline is May 24th, 2024. The decision will be communicated by the end of July and the webinar will be scheduled in October 2024.

The papers submitted will be reviewed by the IASS Prize Committee appointed by the IASS EC. The decision of the Committee will be final.
